**** Policy level:**

1. Trust wide:
 - This one policy is relevant to everyone and consistently applied across all schools and Trust departments with no variations.
 - o *Approved by the IFtL Board of Trustees.*
2. Trust core values:
 - This policy defines the values to be incorporated fully in all other policies on this subject across all schools and Trust departments. This policy should therefore form the basis of a localised school / department policy that in addition contains relevant information, procedures and / or processes contextualised to that school / department.
 - o *Approved by the IFtL Board of Trustees as a Trust Core Values policy.*
 - o *Approved by school / department governance bodies as a relevantly contextualised school / department policy.*
3. School / department policies
 - These are defined independently by schools / departments as appropriate
 - o *Approved by school / department governance bodies.*

GLEBE FARM SCHOOL EAL POLICY

Aims

- 1.1 Glebe Farm School is committed to delivering outstanding provision for the teaching of learners whose first or home language is not English, and those who are in the process of learning to use English as an additional language (EAL).
- 1.2 The School celebrates diversity and is committed to raising the attainment of all EAL learners, irrespective of their ability or background. The value of 'belonging' is at the heart of the school's ethos, vision and values.
- 1.3 The School will identify individual and group needs, recognise the skills of each individual and ensure equality of access to the curriculum and extra-curricular opportunities.
- 1.4 Glebe Farm School shall ensure that:
 - the EAL needs of learners will be identified and addressed, and learners will not be labelled or disadvantaged by any policy or procedure operated within the Trust;
 - it works in partnership with parents and appropriate external agencies to support learners with EAL needs and will use its best endeavours to ensure that appropriate provision is secured for any learner with EAL needs in order to achieve agreed outcomes;
 - The SENCo will maintain and regularly review the EAL record and co-ordinate appropriate support for individuals as necessary. However, it will be the responsibility of all staff to support individual learners, to implement strategies suggested by the SENCo and generally be responsible for ensuring that learners with EAL receive provision appropriate to their needs and agreed outcomes; and
 - learners with EAL engage in the activities of the school alongside learners who do not have EAL, and the use of technological devices can support this as necessary.

1 Definitions

- 2.1 A learner of English as an additional language (**EAL**) is a learner whose first language is other than English.
- 2.2 First language refers to the language to which the child was initially exposed during early development and continues to use this language in the home and community.

2 Roles & Responsibilities

- 3.1 The education and support of learners with EAL is everyone's responsibility.
- 3.2 The implementation of this policy will be monitored by the Trust and governors of Glebe Farm School and remain under constant review by the Head Teacher and SENCo
- 3.3 The Head Teacher will work with the SENCo to develop the EAL policy and provision within the school. The Head Teacher has overall responsibility for the provision and progress of learners with EAL.
- 3.4 Glebe Farm School will work in partnership with learners, teachers, parents and, where appropriate, other external agencies to ensure that individual learning needs are addressed within the context of the school curriculum.
- 3.5 The School ensures that all learners follow the mainstream curriculum as appropriate to their phase and establishes provision in line with learner needs.
- 3.6 Parents of EAL learners will be able to discuss the needs of their child with their child's tutor, the Head of Year or the SENCo.
- 3.7 The SENCo will co-ordinate Glebe Farm School's approach to EAL provision.
 - All additional intervention is allocated according to the needs of each individual
 - If a learner is to have any additional support in school parents will be informed by letter
 - Where appropriate and possible, EAL learners will be encouraged to complete an examination in their home language (e.g. GCSE Polish), in addition to the curriculum offered to all learners
- 3.8 Class teachers are responsible for the progress and development of every learner in their class and will work with the SENCo to ensure appropriate support for learners with EAL.
 - Learners with EAL are taught in mainstream classes alongside their peers and are placed in teaching groups appropriate to their ability
 - Teaching staff will differentiate lessons as appropriate and necessary to meet the needs of learners with EAL, including providing additional challenge where required
 - Teaching staff will consider the language demands of each new curriculum topic and provide appropriate stimuli and contextual clues to assist in the understanding of new and key subject specific terminology
 - Teaching staff will provide regular opportunities for learners to develop listening, speaking, reading and writing skills, using alternative methods of recording where appropriate
- 3.9 Teaching staff will monitor the progress of learners with EAL and share any concerns with Curriculum Leaders/Head of Year/SENCo as appropriate
- 3.10 The School will enable staff to undertake appropriate professional development to meet the needs of learners with EAL.

3 Identification & Assessment of learners with EAL

- 4.1 The admission of learners with EAL to Glebe Farm School follows the standard admission process
- 4.2 Information about learners with English as an additional language will usually be shared by parents or settings prior to learners' entry to the School, including details of country of birth, first language, any other languages spoken and educational background.
- 4.3 This information is collated from the registration documents and transfer of school files from the previous school or early years setting and during transition meetings which are held with families and all the feeder schools or early years settings, in the summer term, before learners start at the academy.
- 4.4 On entry to Glebe Farm School, learners are assessed within their phase and the data from these tests is then analysed by the SENCo and curriculum or phase leads to identify any potential areas of need.
- 4.5 The assessments taken by learners upon entry include BASE, PIRA and PUMA in the primary phase, and LUCID tests for literacy in the secondary phase.
- 4.6 Ongoing identification is also completed as data is collected and analysed in all subject areas by curriculum or phase leads. If a learner has not made expected progress, then appropriate interventions may be put in place. If a member of staff identifies a learner whose EAL needs are not met by the normal differentiated programme of study, then the class teacher will work with the learner setting clear targets and providing greater differentiation. If the situation improves then no further action is needed. If there is no improvement the SENCo will be informed
- 4.7 At this point information will be gathered. The class teacher will inform the parents about the issue and there will be consultation and discussion around the proposed additional support for the learner. Parents, and the learner where appropriate, will be involved in sharing information and agreeing outcomes. It will be decided whether it is appropriate to further monitor the learner.
- 4.8 In cases where internal support is not effective in supporting the learner, a referral to the Educational Psychologist or other relevant specialist may be completed with the parents' permission and information and strategies for support shared with all staff.
- 4.9 If there are no concerns regarding the learner's academic progress then the School will ensure appropriate differentiation continues in the classroom and interventions are put in place if appropriate.

4 Reviewing

- 5.1 All learners regardless of needs are set curriculum targets. Data collated during the School's reporting process is analysed and strategies are put in place to support those that are not achieving as expected.
- 5.2 All EAL interventions delivered outside the classroom have Specific, Measurable, Achievable Targets (SMART) set to ensure that progress is made. These are recorded using Learner Progress Records and are monitored and reviewed against a time frame, agreed within the plan. If expected progress is not made then the SENCo may refer to a specialist service such as an Educational Psychologist.
- 5.3 If, as a result of appropriate progress, a learner no longer requires an intervention programme, the learner will continue to be monitored through the School's structured reporting programme by the curriculum or phase leads.
