

Art Together: SEND Family Workshop

Accessible Events

26 October 2023

MK Gallery's Art Together programme offers a unique workshop every half-term holiday, designed specifically for families who have a child or children aged 5+ with additional or complex support needs. Join the IPA team and two Associate Artists, to create, play, and explore as a family in an open and friendly shared space.

Places for this workshop must be pre-booked. If you are new to the IPA programme, we will also request a little information about you and your family's interests and access requirements to ensure your needs are met, and that you have the best possible experience!

To find out more or book your place, please contact Rosie on rmay@mkgallery.org or 01908 558 315.

Art Together is part of MK Gallery's wider Inclusive Practice in the Arts programme. Find out more about it [here](#).
